

HOME & LIFESTYLE

DELORAINE Cattery & Cottage

A LIFE WE NEVER PLANNED,
BUT WERE ALWAYS MEANT FOR.

In September 2014, we purchased Deloraine Cattery.
It began with a feeling. It became our home.
It became our freedom.
It became a life we love.

FAMILY
at the heart

NATURE
all around us

FREEDOM
to live simply

PURPOSE
in everything

Home is not
just a place,
it's a way
of living.

OUR STORY

Driving to kindy...

I drove into the Deloraine
driveway and felt like I
was already home.

A trip that
changed everything...

We won a trip to America and
travelled through New York,
San Francisco, San Diego,
Los Angeles & California.

A conversation in
Times Square...

Sitting in the W Hotel,
we asked each other,
"What's next?"

The decision

We emailed from America.
They said, "When you're
back, come have a look."

Five weeks later...

From the conversation in
Times Square to moving in —
just 5 weeks.

We lived only 1km away, so we moved everything on the back of a trailer.
Beds still made. Drawers still full. The easiest, simplest, fastest move we've ever made.

DELORAINE CATTERY

Built on care, trust & love

We care for cats when their owners travel,
renovate, move house or go on holiday.
Every cat is treated like family.

PRIVATE INDOOR SUITES

Each cat or family group has their own
secure room with a private outdoor
veranda and cat-door access.

INDOOR-ONLY ROOMS

Perfect for cats who prefer
quiet spaces or need extra
security and comfort.

COMMUNAL SOCIAL ROOM

For social cats to interact safely,
with indoor & outdoor access
and their own sleeping areas.

Our cattery is our primary source of income,
and something we are deeply proud of.
People trust us with members of their family,
and that trust means everything.

DELORAINE COTTAGE

Creating freedom through lifestyle

In 2017, Paul took one year paternity leave from his
electrician job so we could be home together.
We loved it so much that we transformed another
building into our three-bedroom cottage.

The income from the cottage offsets the loss
of Paul's income, allowing us to live, work, and
raise our family on our terms.

SLOW LIVING

Living with purpose

Deloraine has given us so much freedom,
but it also takes time, energy and constant care.
Customers come and go, guests arrive,
and life happens — all while we work from home.
We are choosing to slow down and focus on
what truly matters.

- ✔ More meaningful
- ✔ More time together
- ✔ More present
- ✔ More time in nature
- ✔ More connected
- ✔ More aligned

TINY HOME ACCOMMODATION

Our tiny home is listed through
Tiny Away for travellers seeking a
peaceful stay.

HOME EXCHANGE

Deloraine Cottage is available for
home exchange or points stays.

QHHT SESSIONS

I (Anita) offer QHHT sessions
in the cottage — a calm, beautiful
space for deep healing and
transformation.

WEBSITE & APPS

I built front-facing websites and
dashboards for the cattery & cottage
— making bookings, communication
& care seamless.

THE REALITY

Working from home means customers, guests,
cats & property upkeep. It's rewarding —
but it's not always slow.

- Customers come and go
- Constant bookings & admin
- Property maintenance
- Rates, insurance & taxes
- Economic pressure
- Always something to do
- The discretionary dollar disappears quickly

OUR CHOICE

We choose a different path.
A slower, more meaningful
existence that brings us
joy in every moment.

We live life
on purpose,
together.
