

SOCIAL MEDIA & ONLINE INCOME

From Our Perspective

Social media isn't just about posting photos or videos—it's a real way to generate income, build a community, and share your story with the world.

 You don't need millions of followers to start. You need consistency, engagement, and practical strategies to turn content into income.

1 YOUTUBE – THE HIGHEST EARNING SOCIAL PLATFORM

Why it works:

YouTube rewards creators for watch time, engagement, and subscribers. Videos stay online forever, so content keeps earning long after it's posted.

-  Minimum subscribers for monetization: 1,000
-  Watch hours in 12 months: 4,000
-  Ad revenue: \$3–\$10 per 1,000 views (depending on niche and region)

ESTIMATED EARNINGS

 5,000 subscribers + consistent 10,000 monthly views = ~\$50–\$100 per month

 50,000 subscribers + 100,000 monthly views = \$500–\$1,500 per month

CONTENT FREQUENCY

 1–2 videos per week minimum

ENGAGEMENT METRICS

 Comments, likes, shares, and watch duration are key to algorithmic promotion.

- #### TIPS
-  Focus on storytelling, tutorials, or family-friendly lifestyle content.
